Karan Johar Blessed With Twins and It's All So Exciting
 Posted On 5th March, 2017 @ 11:33 am by Mihika Jindal

WHHHHAAAAATTT? We can't believe this.

MTV SHOWS JB

After a season of discussing beautiful women sporting their baby bumps in style and babies that have been born to Bollywood families, it's time to welcome Roohi and Yash – Karan Johar's twins.

KJO has spoken about everything under the sun on various platforms including his own talk show and we couldn't have imagined he would keep such a big news under covers (all for good reason, but still!!) Someone who is unabashedly sharing personal details, we had little (let's just say NO IDEA) that he was on his way to fatherhood.

Johar tweeted about it this morning clearly expressing his joy in welcoming the two new additions to his family. His long note explains that it is a thought out decision and that he is ready to take on the responsibilities of being a father, even if that means that his work commitments might have to take a backseat.

He has also thanked the surrogate who helped him achieve his dreams. Read the full note here:

"I am ecstatic to share with you all the two most wonderful additions to my life, my children and lifelines; Roohi and Yash. I feel enormously blessed to be a parent to these pieces of my heart who were welcomed into this world with the help of the marvels of medical science.

This was an emotional yet well thought out decision which I have taken after considering all the responsibilities and duties that come with being a parent. In order to arrive at this decision, I have prepared myself mentally, physically, emotionally and logistically to ensure that my children get all the unconditional love, care and attention from me and mine. I have submitted to the fact that my children are my world and priority. My work, travels and social commitments would have to take a back seat and I am prepared for that. By the grace of God, I have the most caring and supportive mother who will be an integral part in the up-bringing of her grandchildren and of course, friends who are family.

I am eternally grateful to the surrogate who has fulfilled my lifelong dream and provided a warm, loving and nurturing environment to my children before bringing them into this world. She will always remain in my prayers.

Finally, a big thank you to Dr. Jatin Shah for his guidance and support and for being like a family member through this wonderful and exciting journey.
